

## Bedgebury Pinetum

### Fungi species list from walks of 6<sup>th</sup> and 14<sup>th</sup> October 2017

| SCIENTIFIC NAME                   | COMMON NAME                    |
|-----------------------------------|--------------------------------|
| <i>A. rubescens</i>               | The Blusher                    |
| <i>A. fulva</i>                   | Tawny Grisette                 |
| <i>A. muscaria</i>                | Fly Agaric                     |
| <i>Amanita citrina</i>            | False Death Cap                |
| <i>Ampulloclitocybe clavipes</i>  | Club Foot                      |
| <i>Armillaria mellea</i>          | Honey Fungus                   |
| <i>B. edulis</i>                  | Cep/Penny Bun                  |
| <i>B. luridiformis</i>            | Scarletina Bolete              |
| <i>Boletus badius</i>             | Bay Bolete                     |
| <i>Calocera viscosa</i>           | Yellow Stagshorn               |
| <i>Cantharellus tubaeformis</i>   | Trumpet Chanterelle            |
| <i>Chalciporus piperatus</i>      | Peppery Bolete                 |
| <i>Clavulinopsis helvola</i>      | Yellow Club                    |
| <i>Collybia butyracea</i>         | Butter Cap                     |
| <i>Coprinus comatus</i>           | Shaggy Inkcap/Lawyer's Wig     |
| <i>Coprinus micaceus</i>          | Glistening Inkcap              |
| <i>Cortinarius semisanguineus</i> | Surprise Webcap                |
| <i>Cortinarius spp</i>            |                                |
| <i>Cystoderma amianthina</i>      | Earthy Powdercap               |
| <i>Ganoderma applanatum</i>       | Artist's Fungus                |
| <i>Geastrum triplex</i>           |                                |
| <i>H. miniata</i>                 | Vermilion Waxcap               |
| <i>H. psittacina</i>              | Parrot Waxcap                  |
| <i>Hebeloma</i>                   |                                |
| <i>Hygrocybe</i>                  |                                |
| <i>Hygrocybe conica</i>           | Blackening Waxcap              |
| <i>Hygrophoropsis auarantiaca</i> | False Chanterelle              |
| <i>Hypholoma fasciculare</i>      | Sulphur Tuft                   |
| <i>Hypomyces chrysospermus</i>    | Bolete Mould                   |
| <i>Inocybe spp</i>                | various unidentified Fibrecaps |
| <i>L. laccata</i>                 | The Deceiver                   |
| <i>L. perlatum</i>                | Common Puffball                |
| <i>L. subumbonatus/serifluus</i>  | Watery Milkcap                 |
| <i>L. tabidus</i>                 | Birch Milkcap                  |
| <i>Laccaria amethystina</i>       | Amethyst Deceiver              |
| <i>Laccaria laccata</i>           | The Deceiver                   |
| <i>Lactarius hepaticus?</i>       |                                |
| <i>Lactarius pyrogalus</i>        | Fiery Milkcap                  |

|   |                              |
|---|------------------------------|
| <i>Leccinum scabrum</i>                       | Brown Birch Bolete           |
| <i>Lycoperdon nigrescens</i>                  | Dusky Puffball               |
| <i>Macrolepiota rhacodes</i>                  | Shaggy Parasol               |
| <i>Mycena spp</i>                             | various unidentified Bonnets |
| <i>Parasola (Coprinus) plicatilis</i>         | Japanese Umbrella            |
| <i>Phaeolus schweinitzii</i>                  | Dyer's Mazegill              |
| <i>R.atropurpurea</i>                         | Purple Brittlegill           |
| <i>R.atrorubens (rare! – to be confirmed)</i> | (not yet attributed)         |
| <i>R.cessans</i>                              | Tardy Brittlegill            |
| <i>R.cyanoxantha</i>                          | Charcoal Burner              |
| <i>R.cyanoxantha?</i>                         |                              |
| <i>R.fragilis</i>                             | Fragile Brittlegill          |
| <i>R.fragilis?</i>                            |                              |
| <i>R.heterophylla</i>                         | Greasy Green Brittlegill     |
| <i>R.ionochlora</i>                           | Oilslick Brittlegill         |
| <i>R.ochroleuca</i>                           | Ochre Brittlegill            |
| <i>R.parazurea?</i>                           |                              |
| <i>R.sardonia</i>                             |                              |
| <i>Russula amoenolens</i>                     | (not yet attributed)         |
| <i>Russula atropurpurea</i>                   |                              |
| <i>S.grevillei</i>                            | Larch Bolete                 |
| <i>Scleroderma citrinum</i>                   | Common Earthball             |
| <i>Sparassis crispa</i>                       | Cauliflower Fungus           |
| <i>Suillus bovinus</i>                        | Bovine Bolete                |
| <i>Tricholoma fulvum</i>                      | Birch Knight                 |
| <i>Xerula (Oudemansiella) radicata</i>        | Rooting Shank                |
